From sixth year onwards	At the time of Surrender	NIL

In case policy is surrendered after completion of 5 policy years, no penalty will be levied irrespective of the number of premiums paid.

- **Mortality Charges**

For Base Plan:

The mortality charges will be charged on Sum at Risk at the beginning of each month where the Sum at Risk is equal to Sum Assured less the value of units.

For Base Plan with cover Plus option:

The mortality charges will be charged on Sum at Risk at the beginning of each month where the Sum at Risk is equal to Sum Assured.

These charges will be collected by cancelling requisite number of units from the policyholder's units.

Options under the Plan

- a) Cover Plus Option:
When this is opted by policyholder the death benefit is equal to "Sum Assured + Value of the units". This has to be opted at policy inception time.
- b) Flexibility in payment of premiums:
Policyholder has a flexible option to pay his Premiums yearly, half-yearly, quarterly or monthly (ECS mode only) as per his convenience.
- c) Annual Premium Increase (API):
API is an option to increase premium by 5% from second year onwards. Policyholders can Opt\Cancel this option at anytime during the policy term. In this, Sum Assured increases proportionately with premium increment to satisfy the minimum Sum Assured condition.

How API Works:

Year	- Premium	- Sum Assured
1	Rs. 20,000/-	Rs. 1, 00,000/-
2	Rs. 21,000/-	Rs. 1, 05,000/-
3	Rs. 22,050/-	Rs. 1, 10,250/- and so on.

If the policyholder cancels this option, then the next annualized premium will be at the discretion of policy holder 'ie; he can continue paying the same premium as the time of cancellation of this option or he can pay the annualized premium he has opted at the point of inception.

- d) Auto Transfer Option:
This option reduces the risk of investing the full premium into a fund with a volatile NAV, by allowing premiums to be invested in a low risk fund "Preserver" and gradually transferring the money into chosen investment portfolio.
Policyholder can choose 6 or 12 month Auto Transfer Option to invest regular premiums. If the policyholder opts 12 month Auto Transfer Option, 1/12th of allocated premium will be invested in the chosen fund and the balance will be invested in the Preserver Fund. One month later 1/11th of the fund in the Preserver fund will be transferred to the chosen fund and this process will be continued until all the funds in the Preserver Fund are transferred. This process will be repeated as and when premium is received. When ATO is opted, partial withdrawal and switching between the funds is allowed except that the policyholder cannot switch from the existing funds to the preserver.
This option is available for the modes of yearly, half-yearly or quarterly without any charge. Policyholder can opt or cancel this option any time during the year .There is no restriction, but the selected option will become effective from the subsequent premiums. Further this option is not applicable in settlement period or cover continuance period.

e) Switching:

The Policyholder can switch from one Fund to another Fund out of the funds mentioned above, during the policy term. The policyholder can switch 2 times in a year without any charge. For each additional switch Rs.100/- will be levied.

f) Partial withdrawals:

Policyholder has a facility to withdraw his units partially. The minimum value of the units withdrawn should be at least Rs.10,000/- subject to maximum of 2, 3 and 4 times of the annual premium opted at inception for policy terms of 10, 15 and 20 years respectively. For every partial withdrawal, a charge equal to surrender charge as specified will be levied on the units to be withdrawn depending upon the duration of withdrawal from the DOC." From sixth year onwards, a withdrawal charge of Rs.100/- will be levied.

g) Settlement Option:

On surviving up to the end of the policy term, instead of the maturity value, Policyholder can opt to withdraw either wholly at any time or partly any number of units at any time in his credit in not more than 5 installments, within a period of five years from the date of maturity, at the prevailing Net Asset Value at the time of each installment. During this period Fund management charge will be deducted. Since no cover is extended after the policy term, death benefit during this period is only fund value.

h) Top-up premium:

The policyholder has got an option to contribute in lump sum any time before the end of the policy term, to increase the number of units to his credit, if the policy is in force. A premium allocation charge of 2% of Top up premium will be deducted from such lump sum and the balance will be allocated for units. However, such lump sum payment should be at least Rs.5, 000/- per payment.

Such an additional payment will be considered as a single premium and if it remains within the 25% of the total basic regular premiums paid up to date, the top up premium will not have any insurance cover, and if it is more than 25% of the total basic regular premiums paid up to the date, such balance amount of the top up premium shall have Insurance cover at 125% of such balance subject to underwriting conditions. This insurance cover shall remain constant during the period of the contract and shall be maintained by canceling the units to the extent of the mortality charges, if any. A lock in period of three years shall apply for each top up premium, except during the last three years of the policy term. Top Up Sum Assured if any will be paid on death of the policyholder. Top up units will not attract any partial withdrawal charge or reduction of Sum Assured due to partial withdrawal.

i) Tax Benefits of the plan

As per current tax regulations, Premiums paid under this plan are eligible for tax benefits under Section 80C of the Income Tax Act, 1961. Any sum Assured received under this plan is exempt from tax under section 10(10D) of the Income Tax Act, 1961 as applicable from time to time. However, the policyholder is advised to consult tax advisor.

- j) Days of grace
A grace period of one month but not less than 30 days will be allowed for payment of yearly, half-yearly and quarterly premiums.
- k) Cooling off period:
If the policyholder is not satisfied with the 'Terms and conditions' of the policy, the policy can be returned to the Company within 15 days from the date of receipt of the policy. However, the company reserves the right to deduct Mortality Charges and rider charge (if any) for the time the company has provided cover up to the date of cancellation and Medical Examination fees, cancellation fee and stamp duty charges for issue of the policy.
